

## BOBSON KARGBO

*In 2005 I was accepted as one of the first group in the spiritual year of formation. I have been blessed through being accompanied by enthusiastic formators, who passed on to me the Xaverian charism.*

*The study of theology and of another language in an international and intercultural community (as I was in Mexico City) is a great personal and community enrichment. This has helped me to better understand the dream of our Founder St. Guido Maria Conforti: "Making the world a single family".*

## SOLOMON

My name is **Solomon Bobson Kargbo**. I was born on 27.04.1982 in Makeni. My father's name is Amidu

Kargbo and my mother's name is Marie Tholley (Mrs. Kargbo). Both of them are from Malal Mara. I came from an extended family, by whom I was taught the values that form a good person and a Christian.

From an early age I took part in the activities of the Pastoral Centre, Makeni, with Fr V. Bongiovanni (YCS, CYO...). Since then I came to know the Xaverian Missionaries in Makeni. This introduced me to the missionary life

## WHO WE ARE

We are the Xaverian Missionaries in Sierra Leone, whose primary mission is to proclaim the Good News to non-Christians. We come from 7 different countries and together we work to make the Founder's dream a reality: "To make the world a single family".

## WHAT WE DO

The Xaverian Region of Sierra Leone is a portion of St. Guido M. Conforti's family (Congregation). Of this family we fully share the identity, the charisma, the characteristics and the tasks. The primary objective of our Region is the proclamation of the Gospel of Christ: this is the gift that contains every other gift and the answer to the most profound aspirations and needs of the people of Sierra Leone.
